1. Twenty six
aborting. The Group
of twenty-one.

2. The Group
the designated altit
rendvous was occur
the first point on
and so made a wide
and, as a consequence, were late in arriving
erated from the 94th Bomb Group because of cirrus cloud
formation. We cut short of our next point, Marsh, so
proceeded to Splasher No. 6, the first point of the d
The 94th Bomb Group was still lost until we came over
minutes late, where we picked them up and formed our

3. The visibility along the line was good, but we
see any other wings that were formed, so we contin
trying to contact the other wings on YEF. At this
our Wing which we later found to be the 390th POW
eral groups to our left and one to the right, but
of any wing formations. Unable to contact any
Leader, we continued on the route out and on com
ten minutes from the coast our P.F.F. equipment
to contact the Division Leader but failed. On
following us. At this point, we made a 90 degree
other wing to take the lead and bomb on their
the other wing could be seen, so we p
